RE: Board Briefing, Aragonite Board Order, Thomas American Stone,
M/045/031, Tooele County, Utah

After information presented by me and Lon Thomas of Thomas American Stone, the Board allowed the extension to June 30, 1992 for the final reclamation of areas associated with the Aragonite millsite, specifically the dump.

Also, the Board indicated that they would consider reducing the total bond amount to \$6,000 from \$12,000. The operator was asked to approach the Board again in January regarding the surety. The Division indicated that we were not yet ready to make a recommendation to the Board regarding the surety.

Oct 7, 1991
The Division should decide whether or not to make this an agenda item in January. The operator has 6 months from ~~June 30, 1991~~ before another \$6,000 will be required. Prior to this date the Division should prepare a recommendation to the Board regarding the surety amount.
